Industrial Research Assistance Program

Mandate: For over 60 years, the National Research Council of Canada Industrial Research Assistance Program (NRC-IRAP) has been stimulating wealth creation for Canada through technological innovation. This is largely accomplished by providing technology assistance to small and medium-sized enterprises at all stages of the innovation process, to build their innovation capacity. NRC-IRAP helps small and medium-sized enterprises understand the technology issues and opportunities and provides linkages to the best expertise in Canada. Our mandate is to stimulate wealth creation for Canada through technological innovation.

Services: Delivered by a network of over 240 Industrial Technology Advisors (ITAs) located in more than 100 communities across Canada, NRC-IRAP supports the needs of SMEs engaged innovative, technology-driven activities. NRC-IRAP provides a suite of advisory service and funding to SMEs. These services are adapted to each client's situation and provide a customized response to their innovation needs.

BritishColumbia.ca

Mandate: BritishColumbia.ca is the Province's digital hub for promoting B.C. to the world. With comprehensive economic profiles on every community in B.C., a powerful opportunity database, and the latest facts and figures on the priority sectors in multiple languages, BritishColumbia.ca is the first point of contact for many international investors interested in learning what B.C. has to offer.

As a business owner, you can leverage the global reach of BritishColumbia.ca to seek international investors:

Post your commercial and industrial real estate listings and business-for-sale opportunities free of charge on our partner sites — they are published instantly on these sites and BritishColumbia.ca.

Current partners include SpaceList.ca for real estate and VentureConnect.ca for businesses for sale.

Easily create a profile of other unique business investment opportunities by creating a free account on BritishColumbia.ca/invest.

Include links to your corporate website and contact information, making it easy for investors to learn more and get in touch.

Be confident knowing that investors have access to the additional information they need through integrated links to maps, community data and contact information, immigration resources and more.
