Working Groups

Each workshop session is complemented by a bi-weekly working group session.

At the Working Groups, you will have the opportunity to work with Molly Thurston to apply what you have learned.

The content of this series is intended to introduce basic considerations around employing farm workers.

This is not intended to serve as legal advice nor solutions to complex human resources problems.

Please consult with HR experts, or an employment lawyer or legal service agency for advice.

Employers are responsible for staying up-to-date on applicable legislation and labour standards in BC.

If you need help connecting with these resources, contact **the BBA Program.**
